# INTRODUCING EQUIPMENT SALES!

This is the first issue of Equipment Sales, the new monthly publication from Euro Auctions. Euro Auctions is the number-one seller of construction equipment, agricultural machinery, commercial and light vehicles in the UK and Europe, holding more sales and selling more lots per sales than any other auction house.

Each month Equipment Sales will advertise the very best machines, vehicles, spare parts and associated related services available across the UK and Europe from both Euro Auctions and independent third-party providers. Every edition will contain a substantial product and service selection with full colour advertising. This exciting format will replace all current sales brochures that accompany each and every Euro Auctions sale, making Equipment Sales the #1 printed publication for anyone seeking good, late, low hours machines and vehicles.

The Equipment Sales publication gives companies the unique opportunity to advertise their machines, services and more, directly to the Euro Auctions customer base, targeting real authenticated, active buyers and sellers.

## How we reach our readers:

- 1,000's of physical hard copies of the publication will be distributed across 40 countries
- E-mail distribution of electronic versions
- Available to download through [www.equipment-sales.com](http://www.equipment-sales.com) and [www.euroauctions.com](http://www.euroauctions.com)
- Social media platforms of Equipment Sales and Euro Auctions: Facebook, Twitter & LinkedIn
- Distribution at live auction events and trade shows
