CONTENTS

SEPTEMBER 2022 EDITION

This month's highlights of construction, commercial vehicles, light vehicles, agricultural machinery, services and spare parts in:

04. Germany (Central & Northern Europe)

18. United Kingdom & Ireland

42. Spain (Southern Europe)

46. Daily Marketplace

Welcome to the 2nd edition of Equipment Sales.

Following the launch of the Equipment Sales magazine last month, we have been working hard to produce the second edition. We have been delighted with the success of the first edition and have received many compliments and positive feedback.

Thank you to all those who gave us feedback – it is important to us that we get validation from the industry. Like all good things, Equipment Sales will evolve as we endeavor to refine and bring more features to the magazine. We also wish to thank the advertisers who have trusted us to promote their goods and services.

We hope you like the 2nd edition and most importantly, find it useful in your search to find new equipment.

- **DROMORE, NI** | 14th & 15th October @ 9:00am

EURO AUCTIONS APPOINTED TO CONDUCT SALE FOR PARKER PLANT HIRE LTD!

Parker Plant Hire Ltd has instructed Euro Auctions to catalogue, value and dispose of its ex-hire construction plant and agricultural machinery in a one-day sale at its premises in Llanelli, South Wales on Tuesday 13th September.

Parker Plant Hire Ltd is to sell off all of its construction, plant and agricultural machinery in order to concentrate on continuing to develop their site welfare, portable accommodation, toilet hire & servicing, as well as the tool hire and consumable sales business.

The entire fleet of construction plant and agricultural machinery is to be sold at a one-day, unreserved auction, at the business's premises in Llanelli, South Wales on Tuesday 13th September 2022. Over 500 lots, ranging from 2007 to 2020 will go under the hammer and will include multiple machines including: Excavators, Telehandlers, Dumpers, Tractors & more!

In addition, there will be a good compliment of trailers, excavator attachments, small tools, lighting towers, sweepers, breakers, compressors, generators, and various size water and fuel bowsers.

Director, Charlie Perry explains the reason for the sale, "The decision that my co-director, Barry Williams, and I have taken to sell the plant and associated equipment from our construction and agricultural machinery business is part of a strategic plan to grow the portable accommodation and welfare business both in Llanelli and at our new depot in Reading. Our investment will include new towable and static welfare cabins, new anti-vandal cabins, stores, and toilets, as well as introducing new generator technology and renewable energy systems to power all our cabins, plus updating the delivery fleet. The staff within the business will remain in post, and that dedicated team will remain at the Llanelli and Reading depot and be instrumental in the continued development of the business".

David Betts, of Euro Auctions and manager of this sale comments, "I have known Parker Plant Hire and its associated business for many years. The inventory for this sale is bound to pique the interest of buyers in the contracting sectors, as on sale is a good solid compliment of well-maintained equipment. With equipment ranging from 2007 to 2019 plate machines and in excellent overall condition, this sale will draw much attention from bidders looking to re-stock their own businesses, as well as buyers of single items, so this sale will have something for everyone."

View stock on pages 18, 19 & 20!

For more information, contact David Betts on: +447834 600040

KOMATSU

Creating value together

Komatsu HB365LC-3

Reduce your carbon footprint and fuel consumption by 20% compared to a conventional excavator. With a total hybrid power of 235 kW / 315 HP these 36-tonnes-class hybrid excavators have logged millions of fuel-saving hours for our customers around the world. This 3rd generation Komatsu hybrid equipment helps you benefit from the most reliable and advanced technology in the industry today.

THINK RORO THINK NMT

YOUR COMPLETE SHIPPING & LOGISTICS PROVIDER

About Us

Specialising in global RoRo (Roll on/Roll off) shipping, we are also your complete logistics provider, moving your cargo via Air, Courier, LCL, FCL, Road and Container. We don't just move your cargo. We can guide you too, helping you navigate the often rough waters around the industry. In particular, the confusing terminology used in goods transportation.
